PROFILE SUMMARY

Associate Analyst with 4 years of industry experience in collecting, organizing, interpreting and disseminating the data with statistical data analysis. Able to analyze data, identify patterns, and extract actionable insights to facilitate data driven decision making.

FUNCTIONAL AREAS

- Business Intelligence
- Data Modeling
- Reporting and analysis
- Data Visualization
- Data Extracting
- Client Relationship

TECHNICAL SKILLS

- **Power BI** – Power Query, Power Pivot, DAX, RLS, Reports and Dashboards, Data gateway
- **SQL**- DDL, DML, DCL, Joins, MySQL, CTE, SSIS, Stored procedures
- **MS-Excel** – Pivot Table, Pivot Chart, Lookup Functions, Power Query, Macros
- **Others** – Statistics, Extract, Transform and Load (ETL), Java, MS Office, ArcGis, OLAP, Data warehousing

WORK EXPERIENCE

Associate Analyst | BT GROUP – British Telecom

03/2021 - Present

- Applied data analysis techniques to create models and solutions while evaluating existing ones for improvement (with an accuracy of 95% or higher)
- Developing, publishing, scheduling reports and dashboards to meet business needs (with up to 95% accuracy in results).
- Collaborated with team members and leaders to determine analytical needs and gather information according to customer and project requirements (completed within 99% of designated timeframe).
- Examined operational enhancements against set KPIs to track progress (estimated savings achieved at 80%).
- Collected, organized, and stored data into databases (averaging 5 GB of data per day).
- Described system specifications for capturing, preserving, and analyzing information (including over 200 active users daily).
- Established system standards following consultation with clients/management teams (compliance rate at 98%)

EDUCATION

Bachelor of Technology [Computer Science and Engineering]

08/2015 – 06/2019

Passed with an aggregate of 60.37 percentage
Rajasthan Technical University, Kota, Rajasthan

Higher Secondary Certificate

04/2014 – 05/2015

Passed with an aggregate of 63.2 percentage
New Look Central School, Banswara, Rajasthan

Senior Secondary Certificate

04/2012 – 06/2013

Passed with an aggregate of 70.3 percentage
New Look Central School, Banswara, Rajasthan

PROJECTS

1. Electronic Items sales Dashboard

- Developed a sales analysis dashboard to improve the accuracy and to gain insights and identify sales trends.
- Initiated with basic formatting and modification in MS excel.
- Constructed relationships between data models (5 relationships)
- Imported schemas into MySQL and executed SQL commands to eliminate irrelevant information from raw data (50 lines of code)
- Loaded data into Power BI and developed dashboards for two modules (3 dashboards, 8 metrics per dashboard)
- Skills: SQL, MYSQL, Power BI, MS Excel, DAX

2. POWER BI project- World Population Dashboard

- The goal of the project was analyzing the data of the population of the world.
- Imported raw data from Excel and executed various query operations in power query editor (up to 98% accuracy).
- Executed various data analytics operations that is data cleaning, merging of rows and columns when needed (Up to 97% useless data cleaned)
- Implemented start schema concept for making the data easy to analyze (up to 95% data summarized)
- Transformed data in BI desktop, created relationships in data modeling (4 relationships)
- Created dashboard and explored various features of BI workflow (3 dashboards, 5 metrics per dashboard)
- Skills: DAX, Power query, Data modelling, Data cleaning

CERTIFICATIONS

- Power BI- The practical Guide - Udemy
- SQL for Data analytics – Udemy
- Data science Orientation – Coursera

TRAINING AND INTERNSHIP

- | | |
|--|--------------------------|
| • ABC Institute for Technology Training | 07/2019 – 12/2019 |
| Learned Java, SQL | |
| Trained on various projects | |
| • CDAC ACTS | 06/2018 – 08/2018 |
| Learned Core android | |
| Worked on various projects | |

ACHIVEMENTS

- Got appraisalment as best performer for specific month.
- Achieving KPIs and targets throughout the year.
