## SUMMARY

Experienced Analyst with a strong background in using SQL, Power BI, and Excel to create reports and dashboards that help businesses make informed decisions. I have successfully managed multiple projects, worked closely with teams to understand their needs, and turned data into clear insights. I'm always looking to improve my skills and contribute to meaningful projects.

---

## SKILLS AND TOOLS

SQL, SSIS, Microsoft Excel, Power BI, Power Query, DAX, Project Management, Data Analysis, ETL, Dashboard Creation & Analysis, Data Visualization, Forecasting

---

## WORK EXPERIENCE

### INNODATA India Pvt Ltd, Senior Associate

Oct 2024 - Present

- Collaborated with cross-functional teams to streamline annotation processes. Leveraged expertise in AI/LLM content annotation to drive accuracy, efficiency, and overall quality improvements in project deliverables.
- Conducted in-depth analysis and prepared detailed reports for identifying key trends and proposing actionable solutions to enhance project outcomes.

### Genpact India Pvt Ltd, Process Associate

Jun 2022 - June 2024

- Developed and maintained Power BI solutions for business intelligence needs, including ETL, data connections, data modeling, and report/dashboard creation.
- Improved data visualization and analysis by integrating SQL data outputs into Power BI reports and dashboards.
- Collaborated with stakeholders to analyze requirements and produce Business Requirements Documents (BRDs) aligned with business objectives.

### Vaco Binary Semantics LLP, MIS Analyst

Sep 2019 - Jan 2022

- Created management reports and dashboards to support in-depth data analysis.
- Produced Excel reports using advanced functions (e.g., pivot tables, v-lookup) for concise insights delivering concise insights to managers.

---

## PROJECTS

### CREDIT CARD FINANCIAL DASHBOARD (PowerBI, SQL for unit testing)

- Developed an interactive dashboard using transactions and customer data from SQL database, to provide real-time insights.
- Streamlined data processing & analysis to monitor key performance matrices and trends.
- Shared actionable insights with stakeholders based on dashboard findings to support decision-making processes.
- Reduced report generation time by 15%, enabling teams to focus more on analysis and strategic initiatives. Presented findings to management, resulting in implementation of cost-reduction strategies that saved \$1,20,000 annually.

### SALES DASHBOARD (PowerBI, Excel)

- Created Interactive dashboard to track and analyze sales data. Used complex parameters to drill down in worksheet and customizations using filters and slicers.
- Created connections, join new tables, calculations to manipulate data and enable user driven parameters for visualization.

---

## EDUCATION

### Bachelors In Technology(Electronics & Communication)

July 2015 - July 2019

Pranveer Singh Institute of Technology,kanpur
